

# AN IMPORTANT MESSAGE TO URA MEMBERS

## TAKE ACTION TO STOP THE STATE FROM INCREASING YOUR HEALTH CARE CONTRIBUTIONS

The State of New Jersey is proposing a drastic increase in your healthcare contributions. This increase would create a hardship for state workers who are already struggling under crushing inflation.

**Take Action Now:**

**833-479-1993**

**CALL GOV. MURPHY**

Call on your break or at lunch – not after hours – because there’s no voicemail option. You’ll be connected with the Governor’s Office.

Tell them:

*My name is \_\_\_\_\_ and I work at Rutgers (Dept.). I am calling to ask the Governor to stop any increase to my health care contributions. Thank you.*

(If you don’t get through initially, keep calling back until someone answers!)
